FALL
SEP - DEC

Block 1 (4 WEEKS)

- 511 - Programming for Data Science
- 521 - Computing Platforms for Data Science
- 523 - Data Wrangling
- 551 - Descriptive Statistics and Probability for Data Science

Block 2 (4 WEEKS)

- 512 - Algorithms and Data Structures
- 531 - Data Visualization I
- 552 - Statistical Inference and Computation I
- 571 - Supervised Learning I

Block 3 (4 WEEKS)

- 513 - Databases and Data Retrieval
- 522 - Data Science Workflows
- 561 - Regression I
- 573 - Feature and Model Selection

WINTER
JAN - APR

Block 4 (4 WEEKS)

- 524 - Collaborative Software Development
- 542 - Communication and Argumentation
- 562 - Regression II
- 572 - Supervised Learning II

Block 5 (4 WEEKS)

- 532 - Data Visualization II
- 553 - Statistical Inference and Computation II
- 563 - Unsupervised Learning
- 574 - Spatial and Temporal Models

Block 6 (4 WEEKS)

- 525 - Web and Cloud Computing
- 541 - Privacy, Ethics and Security
- 554 - Experimentation and Causal Inference
- 575 - Advanced Machine Learning

SPRING
MAY - JUN

CAPSTONE PROJECT

(8 WEEKS)
